

## Digital Infra Co.

Building Tomorrow's Technology Foundations Today

Integrated Digital Infrastructure & Technology Procurement Solutions

Riyadh, Kingdom of Saudi Arabia | [www.digitalinfra.sa](http://www.digitalinfra.sa)

# Company Overview & Background

## Who We Are

A specialized Saudi enterprise delivering, securing, and maintaining critical technology environments.

## What Sets Us Apart

Deep regional expertise, agile procurement models, and the ability to turn complex demands into scalable technology solutions.

# Vision & Operational Value Pillars

## Our Vision

To be Saudi Arabia's most reliable and agile partner for integrated digital infrastructure and technology procurement.

## Value Pillars

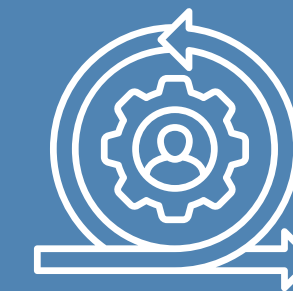

### Procurement Simplicity

Single-source vendor for hardware, software, and deployment streamlining your entire supply chain

### Compliance-First Execution

Full alignment with Saudi safety and regulatory standards across every project we undertake

### Agile Operational Support

Scalable deployment backed by custom SLAs designed to meet your unique operational demands

## Core Pillar 1

### Network & Data Infrastructure Solutions

#### What We Do

We architect, supply, and implement robust data communication foundations.

#### Core Offerings

- Network Design & Engineering (Layer 2 & 3)
- Server Room Design & Build-out
- Structured Cabling & Enterprise Wi-Fi
- Enterprise Hardware Procurement

#### Value

Certified sourcing with full compliance and ready-to-deploy implementation blueprints.

## Core Pillar 1

### Network & Data Infrastructure Solutions

#### Technology Ecosystem & Certified Partnerships

We are certified partners and authorized channels for leading global vendors, ensuring direct sourcing without unnecessary markups, full compliance, and guaranteed manufacturer-backed support.

Cisco

Juniper Networks

HPE Aruba

Fortinet

Palo Alto Networks

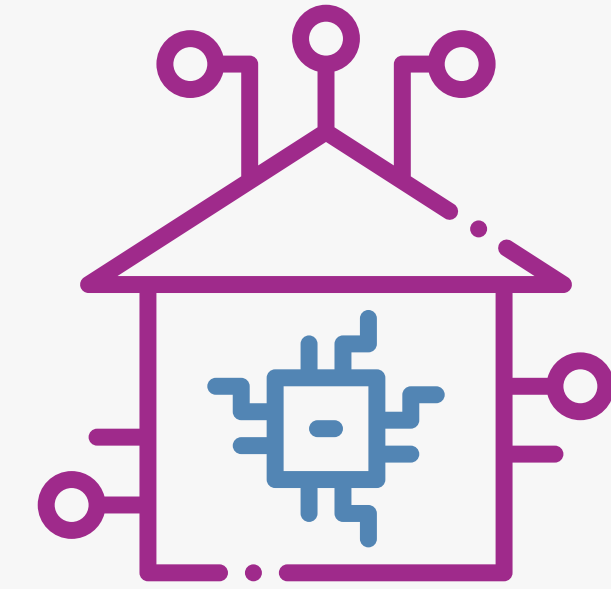

Ubiquiti

Huawei

Dell Technologies

## Core Pillar 2

### Low Current Systems & Smart Buildings

#### What We Do

We implement intelligent building systems integrating physical security with digital control.

#### Core Offerings

- CCTV & Access Control Systems
- AV Systems & Fire Safety
- Attendance & Biometric Systems
- BMS & Smart IoT Solutions

#### Value

Seamless subcontracting integration aligned with construction workflows.

## Core Pillar 2

### Low Current Systems & Smart Buildings

#### Technology Ecosystem & Certified Partnerships

Our certified integrations ensure trusted security systems, seamless performance, and full alignment with regulatory standards—delivered with direct vendor support and optimized cost structures.

Hikvision

Dahua

Axis Communications

Bosch Security

Honeywell

Johnson Controls

chneider Electric

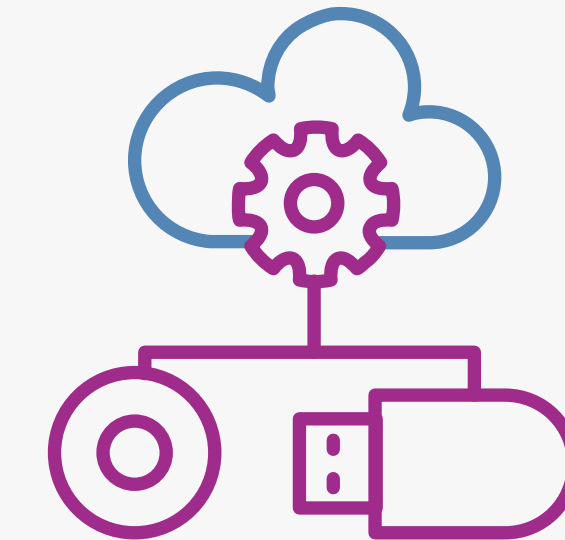

Uniview

ZKTeco

Hanwha Vision

## Core Pillar 3

### IT Hardware & Software Supply Chain

#### What We Do

We provide direct procurement of authentic IT hardware and licensed software.

#### Core Supply Catalog

- Servers & Enterprise Equipment
- Laptops, PCs, and Peripherals
- Printers & Consumables
- Software Licensing (Microsoft, Adobe, Autodesk)

#### Value

Competitive pricing, unified warranties, and compliant procurement.

#### Extended Ecosystem Capabilities

- Data Center Infrastructure & UPS Systems
- Cloud Services (AWS, Azure, Google Cloud)
- Cybersecurity & Compliance
- SLA Support & Maintenance

## Core Pillar 3

### IT Hardware & Software Supply Chain

#### Technology Ecosystem & Certified Partnerships

We provide certified procurement channels with authentic products, official warranties, and optimized commercial models—ensuring cost efficiency without compromising quality or support.

Dell

HP

Lenovo

Apple

Microsoft

Adobe

Autodesk

Epson

Canon

Logitech

APC (Schneider Electric)

Eaton

## Extended Ecosystem Capabilities

Beyond our three core pillars, Digital Infra Co. delivers a comprehensive suite of advanced technology services to future-proof your operations.

### Data Center Infrastructure

End-to-end data center design, power protection, and cooling solutions for mission-critical environments.

### Cybersecurity & Compliance

Comprehensive security frameworks, threat detection, and regulatory compliance tailored to Saudi standard

### Cloud Services

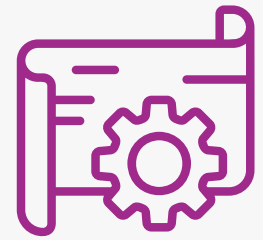

Managed cloud deployments across AWS, Azure, and Google Cloud — scalable, secure, and cost-optimized

### Cloud Services SLA Support & Maintenance

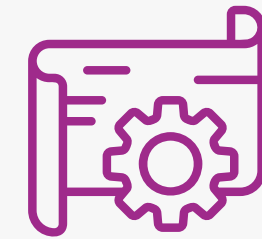

Round-the-clock technical support with custom SLAs ensuring maximum uptime and

# Elite Project Track Record

## Government

Ministry of Industry – Data  
Centers & SOC/NOC  
GOSI – Video Wall Systems  
Matarat – CCTV Deployment

## Mega Projects

Qiddiya – Network &  
Security Systems  
Mobily-Nokia – Telecom  
Infrastructure

## Key Infrastructure

Saudi Binladin Group – AV  
Systems  
SABIC – Server Deployments  
Saudi Home Loans – Access  
Control

# Operational Strengths & Support

## Built for Scale. Engineered for Reliability.

Digital Infra Co. operates with a fully integrated support infrastructure designed to deliver consistent performance across every engagement — from initial deployment to long-term maintenance.

### » Nationwide Presence

Logistics and engineering teams deployed across the Kingdom for rapid on-site response and seamless project execution.

### » Smart Project Tracking

Intelligent ticketing systems and real-time project tracking ensure full transparency and accountability at every stage.  
24/7/365 Technical

### » Support

Around-the-clock technical assistance with guaranteed response times — because your infrastructure never sleeps.

# Let's Build Together
